CAMPAIGN NEWS

Here at Mail Order the Epic 40,000 campaign has drawn to a close. After many weeks of savage fighting, no player has been able to gain the upper hand. Hence the Inquisition has declared planet Lenton beyond redemption, and has ordered an orbital bombardment to quell the insidious threat of Chaos.

CONVERSION OF THE MONTH

This month's conversion is Adrian Wood's fantastic Ork Stormboy. This conversion kit is available rom Mail Order for just £4.00. Sort dem stinkin oomies out once an' fer all!

72A

ADRIAN SEZ

These whirly birds are dead easy to put together and they look really cool too. They're so easy to make, I've got ten of them already!

TROLL OF THE MONTH :

Name: Ewen Little
Position: Mail Order Troll. (He answers your questions and takes your orders over the phone.)
Which GW character are you most like and why?: Azrael: I plan [redacted]G!
What Armies do you play?: Undead, Orcs and Goblins (All mounted troops in that one!) Dark Angels ,Humans in Blood Bowl, and Epic Orks.
Describe yourself in one paragraph:
Oh no! It's all gone horribly wrong, again!
Give us your best painting tip!:
After you've sprayed a tank or vehicle one colour, use strips of Blu-Tack to mask off areas of the vehicle before spraying on a second colour. Then peel off the Blu-Tack to reveal a stripey camouflage pattern.
What's the best tactical advice you can offer?:
Have a plan and stick to it. Especially with Orcs and Goblins. With them you must act, not react to your opponent.
What's your best advice for life?:
Die a senile delinquent.

TORA! TORA! TORA!

Bommerz over da Sulphur River pits Ork Fighta-Bommerz against Imperial ground forces in a battle to destroy a vital bridge. Spice up your games by using these great models instead of Flak or Laser defence counters.

But Orks are not the only creatures who may wish to destroy a bridge, nor is Humanity the only race who may wish to defend it... Try these special rules for other races and tell us what you think!
